## What to expect @ Workshop

When you arrive on campus, you will be greeted by our staff of high energy and dynamic personalities. You will register, receive all of the materials needed for our time together and move into your dorm—your “home -away-from-home” for the next few days. During the first general session you will meet the entire staff, learn about the schedule and find out who your “family” members will be for the next several days!

Each day will have a special focus which relates to student leadership. You will work within your “family” to compete in Olympics, create a carnival booth for area children, develop presentations, learn about your personality, sing crazy songs, learn how to plan and deliver projects to do back home, learn and play games, icebreakers & teambuilding activities, and so much more!

Most importantly, you will develop the confidence you need to be an outstanding leader in your school and your school community. You will learn to effectively share your opinions & ideas, how to clarify expectations, communicate effectively with your fellow colleagues, advisers, teachers & administrators.

This is a high energy camp where you will be busy every second of every day! You will meet incredible people and the experience will change you! We believe it will be the
